Please join us in an in-depth discussion on the challenges and confusion in doing assessments during a time of COVID-19

**Some questions we are pondering are:**

- What's the hardest or most difficult part of your job right now?
- What is the most significant change to your job you've experienced lately?
- What is a new practice in your job, from COVID, that you hope to continue once we go back to in-person learning?
- What are some inconsistent messaging you have heard from administration and/or SELPA you hope to get more clarity?
- What supports do you wish you had?
- What are you currently doing for assessments?

Early Childhood School Psychologists, Speech Therapists, and Educators are all welcome to participate in this support group!
