

**Bootcamp for
Early Career Teachers
Supporting Students
with Extensive Needs**

Diagnostic Center North

JUNE 14TH-16TH, 2021 TEACHER BOOTCAMP

The Diagnostic Center, Northern CA presents a hands-on and interactive experience for early career teachers

Participants will gain deeper understanding of how to design and maintain effective classroom settings for students with **extensive (moderate/severe) needs**. It is recommended that participants be teachers who are either: credential candidates, student teachers, interns, and those within the first 2-3 years of teaching special education. Content of the bootcamp will be applicable for teachers at all age/grade levels.
